

A True Pocket Cinema

Don't keep the fun to yourself – pull the blinds down and create a true cinematic experience for friends and family at home or at any dinner gathering. Cast images and video from a supported smartphone onto the projector wirelessly, or just play them off a USB flash drive. Up the tempo further for fast flights and exciting fights – simply pair the MP250 with an external Bluetooth audio system.

Multiple Connectivity Options

The MP250 mini projector offers standard HDMI, two USB slots, a Micro SD input, and wireless connectivity for the 2.4GHz and 5GHz bands, making it ideal in every wireless environment, home and small office use.

HDMI | 4GB Built-in Memory | MicroSD | USB Type-A

MP250

PRODUCT SPECIFICATION

Image Element	DLP DMD	Output Connectivity	Audio Jack (3.5 mm stereo mini jack)
Aspect Ratio	16:9		Bluetooth 4.2
Contrast Ratio	400:1	Wireless Standard	Frequency: 2.4 GHz/5 GHz
Output Resolution	854 x 480 (WVGA)		Channel: 802.11 a/b/g/n/ac
Input Resolution	1,920 x 1,080 (Full HD)	Speaker	2.5 W, 4 Ω Mono
	up to 4K UHD for video input	Battery	3,100 mAh (7.4 V)
Projection Distance	0.5 – 3 m		Charging Time: Approx. 3 hours*
Screen Size	16.1" at 0.5 m ~ 93" at 3 m (32.3" at 1 m)		Playing Time: Approx. 2 hours
Brightness	130 lumens (DLP optical engine delivers up to 250 lumens)	CPU	Quad Core Cortex-A53 (1.5 GHz)
Focus	Manual	RAM	2 GB (DDR3 SDRAM)
Keystone Correction	Auto/Manual (Vertical only)	Memory	8 GB (For user, 4 GB)
Light Source	LED (Est. lifetime: 20,000 hours)	Embedded OS	Android 7.1.2
Colour Reproduction	Full Colour	Input Power	DC 12 V, 3 A
Throw Ratio	1.4:1	Power Consumption	10 W (18.5 W Max)
Offset	100%	Operating Temperature	0 ~ 35 °C
Input Connectivity	HDMI 1.4 x 1	Dimension (WxDxH)	120 x 120 x 33 mm
	USB 2.0 x 2 (Support USB OTG/HOST & Firmware updating)	Weight	407 g
	Micro SD x 1 (up to 32 GB)		
	Wi-Fi		

* Device must be in OFF state to support full speed charging specifications

MINI PROJECTOR MP250

The Canon MP250 wireless mini projector packs a tremendous amount of projection power and versatility in an amazingly compact profile. With support for multiple input options, a large built-in battery and an Android operating system, this reliable workhorse delivers hours of fun and entertainment anytime, anywhere.

Travel Light with a Built-In Battery

The Canon MP250 measures no thicker than a wallet, and weighs just 407g. The built-in battery supplies up to 2 hours of usage. When connected to an AC power source, the MP250 charges up from low-battery in just 3 hours*, or simply stays powered for hours of uninterrupted operation.

* Device must be in OFF state to support full speed charging specifications

Vibrant Presentations

Share business presentation slides, spreadsheets or PDF documents with the built-in document viewer. Connecting an external keyboard or mouse via USB or Bluetooth further extends navigation possibilities.

Outstanding Image Fidelity

The Canon MP250 is powered by a Quad-Core 1.5GHz processor and 2GB of SDRAM, supporting quick startup and enhanced stability for demanding video input sources up to 4K with zero lag. When connected to AC power, the DLP engine delivers up to 250 lumens brightness, making it equally adept in home cinema mode or in a small meeting room setup.

* Mini Tripod is not included

Built-in Touchpad with 2-finger Gesture Support

The large, built-in touchpad supports precise virtual keyboard entry and 2-finger gesture inputs such as pinch-to-zoom and speed scrolling, making quick navigation of long menus and websites possible without use of external input devices.

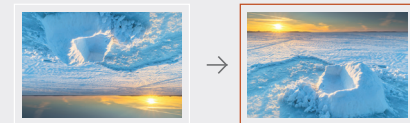

Automatic Keystone for Fast Setup

Auto-rotate and auto vertical keystone correction ensures quick and easy setup, regardless of distance and angle from the projection wall. For avid gamers, the MP250 can also be setup in rear projection mode.
